

AFRICAN
CHANNEL DISTRIBUTION

BEVERAGES

African Channel Distribution is an established FMCG consolidation, distribution and merchandising company.

Based in South Africa, we are well positioned to serve many markets across Africa, with a strong focus and presence in the SADC region.

With our roots firmly set as the leading print media distributor in sub-Saharan Africa, we pride yourself in presenting over 400 top South African national and international magazines, newspapers and journals.

In recent years we have expanded our product portfolio to include a range of premium national and international beverages, condiments, muesli, electronic and health and beauty brands.

As a reputable import export authority in Africa, we stay ahead in today's challenging marketplace by offering our vendors and customers centralised procurement, consolidated billing, automated reporting and sales and marketing support.

With over 25 years of experience in doing business in Africa it's our mission to continue supporting and growing our valued customer base across the continent.

COLD BEVERAGES

Most drinks on the market are quick, factory mixes that take less than one hour to make. Bundaberg carefully craft-brew their drinks for as long as it takes to achieve an exceptional taste. If that means taking seven days, they'll take seven days.

Bundaberg is the real deal! Nothing compares to the natural taste that comes from real fruit juices, herbs and spices. Some drinks fake it. They make it, for real. Bundaberg use homegrown ingredients. The fertile sub-tropical soils of Queensland on Australia's east-coast are perfect for growing ginger and sugarcane. So whenever they can, we proudly source local product. They even grow some of their own.

Bundaberg believe there's a simple art to taste-testing a natural product like thiers; Get real people to do it. Slight variations in temperatures and crops can subtly influence a brew and we certainly don't leave it up to computers to decide what's right.

They also believe that glass is best. Bundaberg are passionate about preserving the integrity of their brewed drinks, so they always bottle in glass. It's part of what makes their drinks the best non-alcoholic drinks available.

TONI GLASS COLD BEVERAGES

They have travelled incredibly long and far in pursuit of the very best tea the world has to offer. The Toni Glass Collection is a remarkable infusion of both tradition and new age tea drinking. They are the perfect blend of modern sophistication and style coupled with the true legacy of the leaf.

True to tradition and skillfully blended, Toni Glass brings a Premium and Bespoke Collection of Tonic Water, that not only revives the authentic and celebrated "Tonic", but offers spectacular craft flavours for the contemporary palate and an unforgettable experience you certainly deserve.

Delicious, refreshing and 100% Sugar-Free!

Added to their collection, which are surprising, quenching and also **100% Sugar-Free are their Ice Teas**, an incredible infusion of great quality tea and exceptional super fruit flavour.

And Don't forget about the Dash Mixers - celebrated by many as "The Dash", Toni Glass has created a unique range of **Sugar Free gourmet Sodas** for the truly contemporary palate.

The Dash by Toni Glass is quite simply, an artful blend of spectacular botanicals and craft flavours, coupled with an unforgettable Soda experience you certainly deserve.

TCHIBO COFFEE HOT BEVERAGES

Being one of the largest coffee roasters in the world, there's no surprise that Tchibo Coffee is the coffee provider for all businesses. Whether it's a hotel chain, an independent café or an educational facility, Tchibo can guarantee all of our efforts, experience and expertise will go into finding the perfect coffee solution for you.

They started roasting back in 1949 and we have been setting the coffee standard ever since. The Tchibo brand originates from Germany where it is our most established and popular coffee brand. Tchibo coffees offer you the same great taste that has delighted Europe for decades.

Eduscho, a German company, began operations in 1924. Gala coffee was introduced in 1959 and was sold in bakeries, which further cemented the brand in German culture. The company expanded to surrounding countries like Austria, where it quickly became a top seller. In 1980, their most popular blend was renamed Number 1 (Nr. 1) to reflect its status on the market and its flavor and quality. Tchibo, a storied German roaster on its own, buys Eduscho in 1997 and continues to create new coffees today.

LAVAZZA

TORINO, ITALIA, 1895

Respect for people and the environment. This is the fullest expression of the Lavazza worldwide coffee family's commitment to make our world a better place, every day.

They offer products of superior quality, obtained through a sustainable model based on innovation, passion and expertise.

Lavazza has made innovation the hallmark of their entrepreneurial activities and the keystone to keep offering the best coffee possible, in all forms. From the intuition that marked the company's earliest success – the coffee blend – to the development of innovative solutions for the packaging; from the first espresso sipped in Space to the dozens of industrial patents, Lavazza has always revolutionized coffee culture with courage, energy and reliability, modernizing traditions to anticipate the needs of the market and consumers.

This approach permeates all the Group's brands and creates a shared culture based on responsible innovation, passion, integrity and expertise, which serve as guidance in offering superior, quality coffee.
