

Bursting with flavour!

Wholesome harvest has selected the finest range of super foods, super seeds and super fruits to be blended together or eaten alone, ensuring the best possible health benefits for your body

Their collection of Wholesome Harvest snacks provides vitamins and nutrients that improve bodily function, increase energy and support overall health.

It is guilt free snacking at its finest, as the blends are so tasty you will want to nibble on them all day. There is something to satisfy every pallet from slightly salty to naturally sweet or just pure and simple goodness.

All of our snacks are gluten free, vegan, non GMO and contain no MSG.

Just Real Food for Real People! Alternative snacking options for the more health conscious consumer. By replacing crisps and cookies loaded with sugar and fats, with ingredients like chickpeas, edamame beans and sugar free cookies, this range offers delicious, guilt free snacks for whenever you need that extra boost.
